- Technical Security Manager

ELIGIBILITY

- Individuals must be employed and have access to a workplace where they will have the opportunity to apply the skills and knowledge they are learning.
- You will need to participate in a pre-enrolment interview either by phone or in person to check that this is the right course for you and we will also give full details on the course and a copy of the Student Handbook.

CHD Partners endeavours to assist all of its clients, employers and learners by providing quality training suited to their individual needs.

ENTRY REQUIREMENTS

This course is targeted at students who are currently employed in a full-time, part-time, or casual capacity in a security or supervisors' role and have access to a workplace environment to complete the assessment tasks and to practice applying the unit requirements in a variety of different security situations.

There are no pre-requisites for this qualification however, for this strategy, it is required that participants have two years of experience in a security and risk management role (i.e., risk assessment, operations, supervisor etc.).

Prior to entering this program, applicants have an interview to determine their suitability and ensure that this is the most appropriate training program to suit their individual needs and goals. A Language, Literacy and Numeracy test forms part of this process.

Learners should be able to read and write English at approximately grade 12 level with reasonable computer skills.

ASSESSMENT REQUIREMENTS

Learners will be required to complete a number of tasks for each unit ranging from short response answers, to commenting on case studies and taking part in group discussions. There is also a requirement to develop a security management plan.

RECOGNITION OF PRIOR LEARNING

Work experience or formal qualifications you have may count towards your course. If you have previously undertaken study at a recognised institution or have some relevant work experience, you might gain credit towards specific units in a course; shortening the time you have to study. You can send your application for Credit Transfer or RPL during the enrolment process.

STUDENT SUPPORT

Where a student is experiencing difficulty in successfully managing the academic aspects of the program, they may request additional assistance from their trainer. Alternatively, the trainer may also identify a student as being at risk and in need of additional learning support.

The trainer can provide assistance in a number of ways:

- individual coaching session, either in person or via zoom
- additional telephone tutorial session(s)
- additional/alternate reading materials/podcasts/YouTube clips depending on the nature of the content area

Where the student is experiencing any personal difficulties s/he should be referred to the CEO who will seek to assist. If the student's needs exceed CHD Partner's support capacity, it will refer the student to an appropriate external agency.
